

Welcome to the Almnest-Lachtal!

Dear guests,

In January 2024, the Almnest will open its doors to guests for the first time.

With a lot of motivation, love and fine craftsmanship, the entire house has been completely renovated. We have carefully chosen natural materials as building materials. Our commitment to sustainability gave us the idea of reusing the old wooden parts of the removed roof truss. These old wooden beams tell a piece of history and give the room a unique atmosphere.

Take a look at the dining table and the bench!

Small old design elements from a bygone era have been reintegrated and make the Almnest a retreat full of coziness!

Look forward to a wonderful, relaxing time and enjoy the ambience of the house, the picturesque landscape and the spicy, fresh mountain air.

Our aim is to offer the harmony of a cozy alpine chalet without having to do without modern technology. Whether Smart TV or your personal music system from BOSE, the warming marble heaters and many amenities such as a "Maxi" bar should make your stay an experience.

In the house folder you will find some helpful information and further suggestions for an unforgettable stay in the Almnest-Lachtal.

If you have any requests or questions, please do not hesitate to contact us.

Your hosts wish you a pleasant stay.
